LASER GAME

FULLY INTERACTIVE

**LASER Conversion Kit**

## The World's First HELICOPTER VIDEO DISC Game!

You are in command of the most Awesome Combat Machine ever designed...

Armed with the world's most sophisticated weaponry, your ultra-modern Jet Helicopter will take you through 10 dangerous missions from New York City to Easter Island in the South Pacific...

Squeeze the trigger on your Control Lever and unleash 6000 rounds a minute of twin Gatling Cannon fire. Press the Missile Release button and watch the dual Air-to-Ground missiles blast off to destroy any ground targets in your sights.

Your life will depend on these weapons as you fly through Canyons, Jungle Valleys, Subterranean Caverns, City Streets, and over the High Seas on a series of harrowing seek-and-destroy sorties.

A central reconnaissance station calls voice commands and an arrow flashes on your display panel to direct you through complex flying maneuvers, but your ability to react to these commands instantly with Control Lever inputs, Cannon and Missile fire will ultimately determine your survival.

Take the controls of COBRA COMMAND and thrill to the excitement of the world's first Video Disc Helicopter game—only from Data East.

Available as dedicated upright and cockpit machines as well as complete conversion kits compatible with Bega's Battle and other Sony and Pioneer based Video Disc games. See your distributor or call us at Data East for all the details.
